PIANO

Is working a Revolution in the mind of Musical Critics. Unquestionably, the requisites in a Piano are VOLUME and QUALITY OF TONE, and DU-RABILITY. The Bashushek is constructed on new principles, in-uring, beyond all question, GREATER DURABILITY. 550 lts STRINGS, ON AN AVERAGE, ARE LOBGER then in other makes, thus SE-CURING CREATER VOLUME OF TONE. The registers are splendidly balanced, the tones are RICH, MELODIOUS, MAGNIFICENT—
it gives forth no thin, wiry, bumble-bos tones, its compass of power is wonderful. It can THUNDER and WHISPER with equally pisseing effect.
